No 78

The "Desha Bandhu , 4-8-1941

] Referring to the condition of the Municipal High Schools in the State the 'Desha Bandhu says that the disparity in the number of scholarships between ~~the~~ Government High Schools and the Municipal High Schools should be removed The paper suggests that the teachers in Municipal High Schools must be placed ~~at~~ par with those in Government High Schools in regard to pay and facilities to study for the B.T , Course and ~~urges the consideration of~~ please for the grant ~~to them~~ pension facilities to them

2 Finally the paper requests the Government to give sympathetic consideration to the above suggestions and to encourage ~~the~~ local bodies to establish and ~~conduct~~ run such Educational Institutions in greater numbers in the State.

	Contribute more, as the Govt grant is fixed there Municipal High Schools are on a way grant-in aid institutions, and Aided School Provident Fund Scheme is extended to the employees of these Municipal High Schools. As regards deputation of teachers for B T training, a special provision is made in the Em budget for training of teachers of aided institutions, and the DP I may perhaps be asked to consider the cases of the Municipal ~~Corporation~~ High Schools also
	3 It is for consideration whether a copy of the suggestion made by the Paper ~~excerpt~~ may be sent to DP I for remarks
	4 Submd for orders (to Genl Secy)
	5 The copy of Deshabhimani is herewith put up
	6 Draft-Subd
	7 The D.D. No B 679 dated 22 8 41 forwards for remarks the editorial note

NOTE—Contn Sheet

Letter no Dl 928-90 of 41-42 dt 16.10.1941 from the DPI furnishing his remarks on various points raised in the extract of Deshabandhu re. Municipal High Schools

15 The points refd to in the extract are the following

(i) that Govt have assured the management of all High schools, while declining to take over the Control of those Schools, that more grants would be paid to them

ii) that Govt should remove the disparity between Govt and Municipal High Schools regarding the percentage of general freestudentships awarded to pupils in these two types of Schools

iii) (a) that there is stagnation of teachers

(b) that Continuous time scales of pay as in Govt High Schools should be introduced in Municipal High Schools

iii (c) the non-existence of pension benefits in Municipal High Schools

IV that facilities should be provided for training

16 The Dir has furnished his remarks in respect of each item refd to above In regard to the grant to all ~~High schools~~, it is now ordered that the grants to Municipal ~~High~~ Schools, may be fixed at Rs 100 ~~per class~~ per month, whatever the number of sections may be

Editorial re. M[illegible] High Schools appearing in Deshabandhu

Serial No

was done in connection with the revision of the Board-in and Cost.

17 In regard to item 11) as the Dir has indicated, the managements of the several Municipal High Schools will have to be consulted if the percentage of freeships is to be raised from 10 to 20, as they will have to agree to bear their share of the extra cost

18 The other remarks furnished are for Board perusal

19 The Dir states that there is not much force in the issues raised in the article, and that if there is any real hardship it is up to the managements of the Municipal High Schools to raise the question with the department

20 Submitted with reference to paras 8–11 above. No further action seems called for on the Editorial.

29/10 29/10

(Joint Secy)

31/10

21 The Municipal High Schools may be asked whether they are agreeable to raise the percentage of freeships from 10 to 20% as in Govt schools & whether they will agree to meet half the financial liability —

22 No action is called for in regard to the matter

the managements Concerned to award freeships either at 10% or at 20% as they Choose, meeting the Cost share of the extra Cost in the Cases of schools where the percentage is raised to 20, & the same will have to be paid in the shape of Compensation for the loss of fee income, until the next revision of grants to HL High Schools, when the maintenance grants may be fixed taking into account the percentage of freeships actually allowed in each Case.

M 28. It is seen from the DPI's letters of 15-5-41 & 18-6-42 referred to above, that out of ten Municipal High Schools it is only the managements of the HL High Schools at Sagar, KG 7, K R Nagar, Bhadravathi & Chintamani are agreeable for for increasing the freeships upto 20%. But the management of the KG 7 High School want the maintenance grant to be increased. The DE Mandya states that the percentage of freeship in both the Municipal High Schools at Mandya and Malavally may be increased, but that the entire Cost involved in each case shd be met by Govt. The other Municipal High Schools are not willing the HL High Schools at Sagar and K.R. Nagar are silent about their meeting of the extra Cost involved. It is only the Municipal High Schools at Chintamani and Bhadravati

NOTE—Cont Sheet

Ewe—File No 60 of 1941 | General and Revenue Secretariat

Serial No

who are willing to meet their share of the Cost. In these circumstances, the Govt is of opinion that option may be given to the Managements of MC High Schools concerned to award freeships either at 10% or at 20% as they Choose, compensation for the loss of ~~fees~~ fee income being given to such of the High Schools as raise the percentage to 20

This entails the modification of Rule 15 of the rules applicable to MC High Schools

29 The grants to MC High schools now payable are half the net expenditure, but not exceeding Rs 100 p m per class It has therefore to be ascertained first whether the grants payable to Municipal High schools, after allowing the Concession referred to, will be within the admissible limits or will go beyond it

30 Submitted for orders with reference to para 21 & 23 before

Rec 26/6/42 27/6

Received instructions

30) Rule 15 of the rules applicable to Municipal High Schools reads as follows -

15 The management shall levy fees in the Schools at rates not lower than those in Govt High Schools and the freeships allowed shall not be more than ten per cent of the

Serial No

strength of each class'

32 The Dir recommends that the percentage of freeships to be granted by Municipal High Schools may be raised to 20% option being given to the managements concerned to award freeships either at 10% or at 20% as they choose, meeting the Govt share of the cost in the cases of schools where the percentage is raised to 20. The grant payable to Municipal High Schools being half of (the ~~nett~~ admissible expenditure minus the fee income) the net expenditure not exceeding Rs 100 p m per class, if the percentage is raised to 20, then the net expenditure will be increased correspondingly to the reduced income from fees, and Govt will have to pay half of such increased expenditure. This will be the Govt share of the expenditure

33 When the rule is changed so that the grant of free ships may not be more than 20% of the strength of each class, it is not clear how Certain All High Schools could be allowed to give only 10% free-ships It is perhaps desirable that there should be a uniform procedure in the matter of the award of freeships by all the Municipal High Schools No doubt the award of higher

percentage of free ships will entail an extra Cost to Govt, but it will be helpful to the student population, and will be similar to the recent award of freeships in Aided High Schools

as sched for order (The L.S.G Br. may perhaps also be Consulted as the grant of increased percentage of freeships will entail additional Cost to Municipalities also) 16/7

When the grants for 41-42 to Govt High Schools were revised DPI

16/7

35) The Govt share of extra Coor will be half the amount of the value of the additional freeships that may be given by raising the percentage to 20. The DPI proposes that the share of the extra Coor will have to be paid in the shape of Compensation till the next revision of grants to the High Schools, which will come off on 1-7-45 (recently) as the grants have been revised from 1-7-42. If this proposal of the DPI is accepted, Rule 15 will have to be modified as proposed by the DPI that gives these schools opportunity to grant freeships upto 20% of the strength of each class but it does not make it obligatory on them to grant freeships of 20%. However, it seems to be desirable

Raising the percentage of freeships in Municipal High Schools

General and Revenue Secretariat | Ex File No 10 of 1941 | [App F III—2

Serial No

Thar all the Govt High Schools should have some Uniform practice in the matter of granting freeships in which case a compulsory minimum percentage of freeships will have to be prescribed for many the entire rule will have to be recast, this is for consideration and orders

(Govt Secy) 20/7/42

GENERAL SECRETARY. 20 JULY 1942 436

36. As the Municipal Councils have to bear a portion of the expenditure, no compulsory minimum percentage of freeships can be prescribed, if the Municipal Councils are not agreeable to meet their share of expenditure or if they are not in a position to do so I think it is much better to make it optional. If some Municipal High Schools award an increased percentage of freeships, there will be public agitation in the other places and in course of time, there will be uniformity In the present, it is better to make such increase optional, subject to the condition that the Govt will bear only their share of expenditure & nothing more & that the Municipal

J Appaji Gowda, Esq , B.A (Hons.),
General Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore

SIR

Subject - The Editorial Note on Municipal High Schools that appeared in the "Deshabandhu" dated 4th August 1941.

With reference to your letter No E 679/Edn.10-41-61 dated 22nd August 1941 forwarding for my remarks an extract of the above, I have the honour to furnish below my remarks on each of the points mentioned in the note -

1 Government have assured the managements of Municipal High Schools, while declining to take over the control of those schools, that more grants would be paid to them	The Municipal High Schools are receiving the maximum grants admissible under the rules. Unless the rules under which Municipal High Schools were established are revised, there is no scope for payment of higher grants Nor does there appear to be any need for liberalising the rules of grants, as no special hardship is felt by any of the managements of those schools
2.Government should remove the disparity between Government and Municipal High Schools regarding the percentage of general freestudentships awarded to pupils in these two types of schools	Ever since the Municipal High Schools came into being, the present percentage of freeships has continued Inspite of this lower percentage of freeships in Municipal High schools, these schools have had no difficulty in drawing sufficient number of pupils In fact, the demand for seats in these schools is as great, if not greater, as in Government Schools. It, however, appears desirable that the same percentage of freeships as in Government schools, viz , 20% should be allowed in Municipal High Schools, since even in Aided High Schools freeships upto 20% have been allowed But this involves extra cost to Government as well as to the local bodies responsible

for the maintenance of the schools, as according to the rule of grant the net approved expenditure is shared equally by Government and the management. The latter should therefore agree to bear their share of the extra cost, if any further action is to be taken by the Department in the matter

3 The position of teachers -

(i) Stagnation of teachers

The position of the Assistant Masters in the grade Rs.40-4-60 in these schools is not really as bad as described, since there are two posts in the higher grade of Rs.60-4-80 in addition to one of the Headmaster on Rs 100-5-150 in each school and the number of the posts on Rs.60-4-80 may be increased according to needs, as the school grows

There is also a proposal before Government (Vide this office letter No D12439-160 of 38-39 dated 5th August 1941) to regulate indirectly the promotion of teadhers in Municipal High Schools on a provincial basis, by their periodical transfer from one Municipal High School to another.

This file has been referred to Sec'l & S.G. Branch on 25 9-41, 5331 - 1 & S.G. 9/41 25/9

(ii) Continuous time-scales ofpay as in Government High Schools should be introduced in Municipal High Schools.

There is no common basis for comparison between the scales of salary provided for teachers in Government High Schools and for those in Municipal High Schools These two are separate types of schools The comparison should properly be made with scales of pay obtaining in Aided High Schools, and by this comparison Municipal High Schools do not fare ill. It must be added that it is open to teachers of Municipal High Schools to apply for appointments in the Department when they are advertised If, however, it is desired to improve the scales, it is for the managements of those schools to raise the question with Government, indicating their willingness to bear their share of the extra cost, and Government will perhaps be prepared to bear their share of it by way of grant

(iii) Non-existence of pension benefits in Municipal High Schools.

Teachers in Municipal High Schools are not Government servants, and so are not eligible for pension They have, instead, the benefit of the Aided School Provident Fund Government and Managements contribute to the Fund and these contributions are credited to the account of each teacher, even though he may not be subscribing to the Fund in view of his having insured his life in the official branch of the Mysore Insurance scheme

As I have observed earlier, the comparison with Government schools is fallacious A proper comparison should be with aided High Schools.

(iv) Facilities for training.

The policy of the Department is to employ, as far as possible, only trained teachers The system of deputation of graduate teachers for training, which was in vogue in the past, was discontinued as a measure of retrenchment and teachers were granted leave to undergo training at their own cost Only this year has it been revived with a view to securing the services of trained men and women for positions of responsibility both in the tutorial and administrative branches of the Department As for aided High Schools, there is provision for payment of grant in respect of the training of teachers. These are available to Municipal High Schools also The managements can avail themselves of this provision, though it is limited This provision will have, no doubt, to be enhanced, if there is greater demand for such stipends It may be added that no grants for B T training have been sanctioned this year to the aided Institutions for getting their teachers trained for want of seats in the Maharaja's College

It will thus be seen that there is not much force in the issues raised in the article. If there is any real hardship, it is up to the managements of the Municipal High Schools to raise the question with the Department

SIR

Subject - Raising the percentage of freeships in Municipal High Schools ---- Ed 10-41-1140

With reference to your letter No E 4049 dated 17-4-1942 calling for an early reply in the above matter, I have the honour to state that final reply has not yet been received from the Secretary, Municipal High School, Chintamani, in spite of repeated reminders issued to him in the matter He has been reminded to day by means of D O letter to furnish the views of the Managing Committee of the School and the local Municipality immediately

I note below the views of the managements of other schools from the information furnished to this office by them so far -

and the local Municipal Council

1 The Managing Committee of the Municipal High School, Malavalli, have resolved at their meeting held on 22-11-1941 and 30-11-41 respectively, to the effect that it is not feasible at present to increase the percentage of freeships accordingly

2 In the meeting of the Managing Committee of the Municipal High School, Holenarasipur, held on 14-12-1941 and of the local Municipal Council held on 31-12-1941, they have resolved that the present financial position of the Municipality does not permit the increase of the percentage of freeships and that the matter might be considered next year

3 Both the Managing Committee of the School at Sagar and the local Municipality have agreed to raise the percentage of freeships

4 The Managing Committee of the Municipal High School, Doddaballapur

Doddaballapur, have resolved at their meeting held on 23-1-1942 that it is not possible to raise the percentage of freeships to 20

5 The Kolar Gold Fields High School Managing Committee have resolved that the committee is agreeable to increase the percentage of freeships provided the maintenance grant to the school is increased.

6 The Managing Committee of the School and the local Municipal Council at ~~K.G.F. Nagar~~ have agreed to raise the percentage of freeships to 20.

7 The Managing Committee of the Bhadravathi High School is agreeable to raise the percentage of freeships and to meet their share of the extra cost

8 The Deputy Commissioner, Mandya, states that the percentage of freeships in both the Municipal High Schools at Mandya and Malavalli may be raised, the entire cost involved in each case being met by Government

9 The Municipal Council, Bowringpet, have resolved that it is not possible to enhance the rate of freeships in the local Municipal High School owing to lack of funds

My final reply in the matter will be sent as soon as the required information is received in this office from the Secretary, Managing Committee, Municipal High School, Chintamani

I have the honour to be,

S i r,

Your most obedient servant,

Director

GENERAL SECRETARY 18 JUNE 1942

To APPAJI GOWDA, ESQ, B A (HONS),
General Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore

SIR,

Subject - Raising the percentage of freeships in Municipal High Schools

5091 ew 2/15

In continuation of my letter No cited above dated 11/15th May 1942 stating, among other things, that my final report in the above matter will be submitted to Government on receipt of the required information from the Secretary, Managing Committee, Municipal High School, Chintamani, I have the honour to inform you that the Secretary of the above ~~said~~ school has forwarded copies of resolutions of the Managing Committee of the school and the local Municipality ~~is~~ agreeing to raise the percentage of freeships to 20 and to meet their share of the extra cost involved The opinions in respect of the other Municipal High Schools, excepting that at Arsikere which has been recently opened, have already been furnished in my letter of 15th May 1942 referred to above

Since many of the Municipal High Schools have not agreed to raise the percentage of freeships and to meet their share of the extra cost, I am of opinion that option may be given to the managements concerned to award freeships either at 10% or at 20%, as they choose, meeting the Government share of the extra cost in the cases of schools where the

percentage is raised to 20 This mode of giving option to the managements of Municipal High Schools to have their own rate of freeships will be similar to that adopted for aided High Schools, where, according to the existing rules, it is permissible to the managements of Aided High Schools to award freeships up-to 20%

If the above proposal is accepted, para 15 of the rules applicable to Municipal High Schools and their Committees in the State, as approved in G O No L 3530-47/M1 47-34-25 dated 16th November 1934/15th February 1935, will have to be modified suitably and the modified rule will read as follows -

"The management shall levy fees in the schools at rates not lower than those in Government High Schools and the freeships allowed shall not be more than twenty percent of the strength of each class"

The Government share of the extra cost payable to the schools which adopt 20% freeships, when the above modification is ordered will have to be paid in the shape of compensation for the loss of fee-income until the next revision of grants to Municipal High Schools, when the maintenance grants may be fixed taking into account the percentage of freeships actually allowed in each case

I have the honour to be,

S i r,

Your most obedient servant,

DIRECTOR

Rule 15 as noted in the margin, of the rules applicable to all Municipal High Schools ~~and their Committees in the State~~, approved in Government Order No L 3530-47/Ml 47-34-25, dated the 16th November 1934 and 15th February 1935

15 "The management shall levy fees in the Schools at rates not lower than those in Government High Schools and the free-ships allowed shall be not more than ten percent of the strength of each class	V

2 Correspondence ending with letter No D 928 90/41-42, dated the 18th June 1942, from the Director of Public Instruction in Mysore, furnishing his opinion in regard to the raising of the percentage of free-ships in Municipal High Schools

Order No L2185-6/Ml 101-42-8

Dated, Bangalore, the 20/8/1942

The Director reports that the managements of the several Municipal High Schools were consulted in the matter of raising the percentage of free-ships and that the managements of the Municipal High Schools, other than those at Holenarsipur, Doddaballapur and Bowringpet were willing to raise the percentage of free-ships to 20 ~~Some of them~~ One or two were agreeable to raising the percentage of freeships, ~~but they~~ some wanted the extra cost to be met ~~solely~~ entirely by Government

2 The Director has therefore proposed that option may be given to the managements of the Municipal High Schools to award freeships either at 10 per cent or at 20%, as they choose, ~~Government~~ Govt meeting the extra cost in the cases of Schools where the percentage is raised to 20 He has also proposed the modification of rule 15 referred to above, as noted below

" The management shall levy fees in Schools at rates n

rates not lower than those in Government High Schools and the freeships allowed shall not be more than twenty per cent of the strength of each class."

3 The proposals of the Director are approved, subject to the condition that Government will bear only their share of expenditure and that the management of Municipal High Schools which agree to increase the percentage of free-ships shall bear their portion of the extra expenditure involved

4 The payment of the Government share of the cost to the schools which ~~adopt 20 per cent~~ raise the percentage of free-ships to 26 will be paid in the shape of compensation for the loss of fee income until the next revision of grants to Municipal High Schools, as proposed by the Director
